Introduction

This document outlines the changes in Enterprise Edition version 1.10.2 release. For the latest information about product updates, tips, and techniques, visit the Scholastic Education Product Support website at www.scholastic.com/productsupport.

Updates

The following issues have been addressed in Enterprise Edition version 1.10.2.

SAM

- **More Manageable Daily Log Files**

Daily log files generated by the SAM Server are now smaller in size.

FASTT Math®

- **Smoother Operation on Virtual Servers**

Nightly alert jobs now run smoothly on virtual servers. Previously, these caused a spike in CPU usage.

System 44® (Version 1.2.3)

- **Student Placement Preserved in Transfer File**

The Student Promotion Wizard now preserves student placement in *System 44* if a student transfer file is created.

Scholastic Reading Counts!®

- **Ability to Add New Quiz Score**

Adding a new quiz score in *SRC!* no longer produces a Flash script error on large databases.

Scholastic Phonics Inventory (Version 1.3.2)

- **Students May Now Finish the Screening and Placement Report Simultaneously**

Two students may now complete the Screening and Placement Report at the exact same time. Previously, two students' completing this report simultaneously resulted in an error message.
