

Scholastic Enterprise Edition & Next Generation Version 2.1.2 Release Notes

Introduction

This document outlines the changes in the Enterprise Edition and Next Generation version 2.1.2 release. For the latest information about product updates, tips, and techniques, visit the Scholastic Education Product Support website at www.scholastic.com/productsupport.

Important Note Regarding v2.1.2 Programs

Version 2.1.2 updates must be installed over previous versions of the program's version 2.1 release.

All version 2.1.1 or later programs must be installed on servers using Scholastic Achievement Manager version 2.1.1 or later.

Updates

The following issues have been addressed in version 2.1.2 for these products:

***Scholastic Reading Counts!*[®] version 2.1.2**

- **Points Report**

The Points Report now filters student data by date range.

***Scholastic Reading Inventory* version 2.1.2**

- **Installation of New Programs**

This update now allows new programs to be installed to the SAM Server.

***FASTT Math*[®] Enterprise Edition version 2.1.2**

- **Installation of New Programs**

This update now allows new programs to be installed to the SAM Server.

***READ 180*[®] Enterprise Edition version 2.1.2**

- **Program Settings**

Grade-level settings are limited by school, rather than district. Changes made to grade-level settings only affect the school selected, rather than the entire district.

READ 180 Next Generation version 2.1.2

- **Program Settings**

Grade-level settings are limited by school, rather than district. Changes made to grade-level settings only affect the school selected, rather than the entire district.

ReadAbout® version 2.1.2

- **Card Collection**

Music in the Card Collection no longer renders audio instructions inaudible.

- **Four Star Challenge**

The card sorter is now fully accessible in the Four Star Challenge.

- **Passages**

The student program no longer times out when accessing the Cool Jobs and Racer Girl passages.

- **Topic Selection**

Spanish-language support no longer blocks Topic Selection.

- **Word Web**

Recording functionality is now enabled in the Word Web.

Scholastic Achievement Manager (SAM) version 2.1.2

- **Domain Administrators' Installation**

Users may now install SAM as a domain administrator.

- **Student Profile Data**

Students with profiles in SAM will have their program enrollments reflected at the next SAM Connect check-in (usually in one hour or less) instead of at the weekly update.

System 44® version 2.1.2

- **Response-to-Intervention Summary Report**

The Response-to-Intervention Summary Report is now available through the Multi-Classroom Reports pull-down menu on the Reports Index in SAM.

- **Student Software Performance Report**

The Student Software Performance Report now functions correctly for all students.
