

Scholastic Education is pleased to announce the May 2013 software release of version 2.2 for *READ 180*® Enterprise Edition, *READ 180* Next Generation, *System 44*®, *Scholastic Reading Inventory*, *Scholastic Reading Counts!*®, *Expert 21*, *Scholastic Math Inventory*, *Scholastic Phonics Inventory*, *ReadAbout*, *Fraction Nation*®, and *FASTT Math*® Enterprise Edition, and *FASTT Math*® Next Generation programs.

Version 2.2 will be shipped **FREE** to all Enterprise Edition and Next Generation users with an active Product Support Plan or Scholastic Hosting Services. Additionally those using Scholastic Web Subscription programs or Scholastic Hosting Services will automatically have their servers updated this summer.

This feature-rich software point release includes:

- ▶ **New Features in *READ 180* Next Generation:** Ability to create, view, and grade assignments in the Student Digital Portfolio.
- ▶ **Custom Settings in *READ 180* Next Generation eReads:** Teachers may now manually adjust eReads levels.
- ▶ **Book Expert Online:** The *SRC!* Book Expert is now an online resource providing easier navigation and data export capabilities.
- ▶ **New *Scholastic Reading Inventory* Report:** A new student-level Growth Goals Report helps teachers set individual growth goals based on College and Career Readiness.
- ▶ **Revised *SRI* Parent Letters:** Now Parent Letters express student growth in terms of progress in the Common Core State Standards.
- ▶ **Common Core State Standards Information in *Scholastic Math Inventory*:** College and Career Readiness Indicator included in the SMI Student Progress Report
- ▶ **Enhanced Security in *Scholastic Achievement Manager (SAM)*:** New administrator password requirements in SAM helps keep data more secure
- ▶ **Updated Operating System Support:** Scholastic Enterprise Edition and Next Generation programs are now compatible with Windows 8 and Mac OS X 10.8 operating systems.
- ▶ **Increased Functionality in *SAM*:** New class specific exports with 3 custom demographic fields are now included in SAM.

Program software hosted at the Scholastic Data Center will be updated to version 2.2 during the period of June 30-July 7. Districts/schools using Scholastic Hosting Services must update their local SMA server software to version 2.2, following the hosted server update, to continue using *READ 180* Next Generation, *READ 180* Enterprise Edition, *System 44* Next Generation, *ReadAbout*, and *FASTT Math* Next Generation.

If you have questions regarding the status of your Product Support Plan, Scholastic Hosting Services, or Scholastic Web Subscription programs call Scholastic Customer Service between 8 a.m. and 7 p.m. EST at 1-877-234-7323.

Thank you for your continued support in raising student achievement.

Best regards,

The Scholastic Education Team
