

Scholastic Education Programs Version 2.2.1 Release Notes

Introduction

This document outlines the changes in the Scholastic Education programs version 2.2.1 release. For the latest information about product updates, tips, and techniques, visit the Scholastic Education Product Support website at www.scholastic.com/productsupport.

Important Note Regarding Version 2.2.1 Programs

Version 2.2.1 updates must be installed over previous versions of the 2.2 release.

All version 2.2 or later programs must be installed on servers using Scholastic Achievement Manager (SAM) version 2.2 or later.

Updates

The following issues have been addressed in version 2.2.1 for this product:

***rSkills*® Tests Enterprise Edition version 2.2.1**

- **Student Enrollment**

Districts using Scholastic data centers to host their SAM Server and experiencing problems enrolling students in *rSkills* Tests Enterprise Edition may now successfully enroll these students.

***FASTT Math*® Next Generation version 2.2.1**

- **Student Login**

Students may now log in successfully after server restart on servers with multiple math programs.

- **Student Lessons**

Student lessons of more than 252 characters may now be saved.

***Fraction Nation*® version 2.2.1**

- **Student Login**

Students may now log in successfully after server restart on servers with multiple math programs.

Do The Math® /Do The Math Now!® version 2.2.1

- **Student Login**

Students may now log in successfully after server restart on servers with multiple math programs.

FASTT Math Enterprise Edition version 2.2.1

- **Data Export**

Export files containing *FASTT Math* Enterprise Edition data will now import successfully when performing aggregations and student transfers.

Scholastic Math Inventory (SMI) version 2.2.1

- **Deployment**

Scholastic Math Inventory version 2.2.1 now deploys correctly. In some instances, an error in SMI version 2.2.0 deployment caused the SAM Server to not function.

READ 180® Next Generation Media version 2.2.1

- **Stage C Content**

Tour de Lance is now replaced with *Frankenstein Lives!* Students may see a loss of data as a result.

System 44® Next Generation Media version 2.2.1

- **Direct Instruction**

Audio in Direct Instruction activities now functions correctly.

Scholastic Reading Inventory (SRI) version 2.2.1

- **Proficiency Growth Report**

Proficiency Growth Report is now consistent between school and grade levels.

- **Growth Goals Report**

Growth Goals Report no longer produces an error message when no students are enrolled in SRI.

Lexile® measure displays correctly on the Growth Goals Report.

System 44 Enterprise Edition version 2.2.1

- **Differentiated Instruction Grouping Report**

Differentiated Instruction Grouping Report now displays correctly.

- **Grading Tools**

Grading Tools now displays series number and passage correctly.

Scholastic Phonics Inventory (SPI) version 2.2.1

- **Results Summary Report**

Results Summary Report now shows most recent SPI score.

- **Growth Report**

District/School Growth Report now displays correct number of students.

Scholastic Achievement Manager (SAM) version 2.2.1

- **CSV Imports**

Version 2.2.1 now amends the existing log file when performing a CSV import, rather than creating a new log file for every import.

- **CSV Exports**

Version 2.2.1 prevents an error in the CSV export function and allows users to run CSV exports with more than 512 entities.

- **READ 180 Next Generation eBook Library**

The *READ 180* Next Generation eBook Library is now accessible from the Student Access Screen.

READ 180 Next Generation users must install the SAM update to activate this feature.

- **Server Logs**

Version 2.2.1 now amends the existing server.log file when performing a CSV import, rather than creating a new server.log file for every import.

- **System 44 Next Generation eBook Library**

The *System 44* Next Generation eBook Library is now accessible from the Student Access Screen.

System 44 Next Generation users must install the SAM update to activate this feature.

READ 180 Next Generation version 2.2.1

- **Student Usernames**

Student usernames are no longer case sensitive.

- **eBooks, eReads, Interactive Teaching System (ITS)**

Access to eBooks, eReads, and ITS is restored in version 2.2.1.

ReadAbout® version 2.2.1

- **Topic Screen**

All product navigation controls are now fully functional.

- **Manual Placement**

Initial manual placement is now fully functional for students not placed through *Scholastic Reading Inventory*.

- **Card Collection Screen**

The Stats tab now shows the correct value for Longest Streak at First Time Correct.

- **Data Movement**

All data movement containing *ReadAbout* data now functions correctly.

Scholastic Reading Counts!® (SRC!) version 2.2.1

- **Data Movement**

All data movement containing *Scholastic Reading Counts!* data now functions correctly.

rSkills® Tests Next Generation version 2.2.1

- **Data Movement**

All data movement containing *rSkills Tests Next Generation* data now functions correctly.

System 44 Next Generation version 2.2.1

- **Grading Report**

Grading Report now shows all graded data.

Class Assignment column now indicates data for graded assignments only.

- **Read and Report (Code and Sight Words Strands)**

All functions continue to work after the second student recording.

- **Student Recordings**

Student recordings migrated from *System 44 Enterprise Edition* to *System 44 Next Generation* now appear in the Student Digital Portfolio.
