

How to Log In to *iRead*

Your child can benefit from extra learning and practice time at home, the library, a relative's home, or anywhere with an Internet connection.

► **Get information from your child's teacher.**

Before your child can log in, you will need the following information:

1. Zip code of your child's school
2. School district name
3. Your child's *iRead* username and password

► **Log in to your school district's access page.**

If you are working from a computer that has already logged on to *iRead*, you may not need to complete this step.

The screenshot shows the Scholastic Student Web Access login page. At the top left is the Scholastic logo. To its right is the title "Student Web Access". Below the title is a large, light-colored box containing the login instructions: "Enter the zip code of your school and click OK. Then select your school district from the drop-down menu and click GO." Below this text are two input fields. The first is labeled "School Zip Code" and has a text input field followed by an "OK" button. The second is labeled "Select Your District" and has a drop-down menu with "Choose One" selected, followed by a "GO" button. To the right of these fields is a section titled "Don't see your district?" with the text "Make sure you entered the correct zip code for your school or ask your teacher for help." At the bottom of the page, there is a small copyright notice: "TM © & © 2011-1996 Scholastic Inc. All rights reserved."

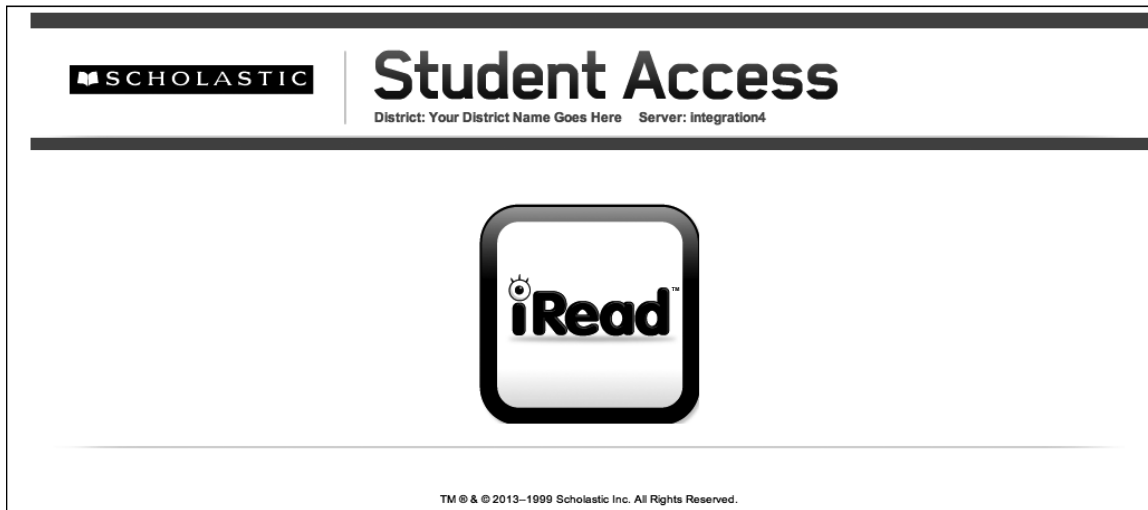

1. Go to this URL:

<http://scholastic.com/studentaccess>

2. Click inside the **School Zip Code** field. Enter the zip code of your child's school and click **OK**.
3. Select the **school district name** from the pull-down menu and click **GO**.
