

English 3D™

Accelerate Academic Language Development for Multilingual Learners

English 3D® is a powerful English language development program designed to accelerate proficiency in the academic language, speaking and listening, and writing skills vital to success in school and in life.

Designed by nationally recognized ELD author, researcher, and teacher educator Dr. Kate Kinsella, the program effectively accelerates the academic language of students in Grades 4–12 who are developing English proficiency. The evidence-based instructional routines and relevant text sets create a dynamic platform for daily speaking, reading, listening, and writing, enabling students to become confident and competent participants in content-area classes, college, and beyond.

Engaging and Rigorous Content

English 3D maintains high expectations with relevant texts that reach grade level and beyond. Teaching supports ensure students have the scaffolding they need to tackle complex texts with confidence.

Purposeful Language Development

Language functions are woven throughout *English 3D* lessons. Students actively engage in using increasingly sophisticated language for different purposes, such as restating, elaborating, and agreeing and disagreeing.

Daily Interaction

Students “flex their language muscles” during peer and group interactions every day. Teachers thoughtfully structure collaboration to maximize time on task, ensure accurate responses, and require attentive listening.

Teachers have access to *Ed*, the HMH Learning Platform, to plan and teach lessons, analyze student data, and access teaching and professional learning resources.

Projectable and printable resources include assessments and rubrics, extended readings, grammar practice, foundational skills lessons, remote teaching resources, and family letters.

Professional support includes over 150 classroom videos of Dr. Kinsella and *English 3D* teachers modeling key instructional routines.

For Grades 4–12
ESSA Evidence: Moderate

Funding Sources Include
Title I, Title III, and ESSER
Stimulus Funds

NEW Support for Newcomers

Included with *English 3D*, *Language Launch* Volume 1 supports newcomer students in leveraging their language and cultural assets to build social and content language for success. Also part of the program, *Language Launch* Volume 2 provides an “on-ramp” to *English 3D* for students at late beginning levels of proficiency.
