HMH

Less testing, more insight

Assess to inform instruction. Instruct to drive student outcomes.

Our philosophy is simple.

Assessment is designed to give educators a powerful toolkit that measures what students know, monitors growth, and makes it easier for the teacher to do his/her best work.

Whether you prefer teacher-driven interventions or automated differentiation, we have the data and content that empower you to teach your best lesson, every day.

Dyslexia risk screening

+ Oral reading fluency assessment and normed progress monitoring

Overview: Available for Grades K-5
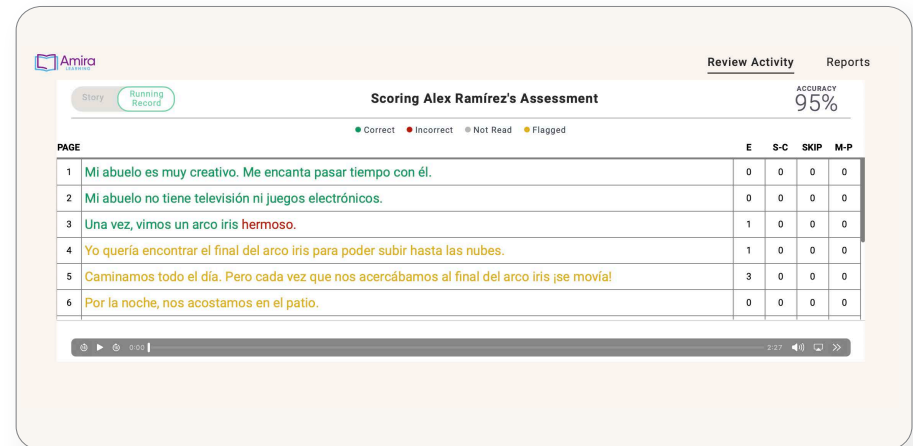

Teaching a child to read is life-changing, but where do you start? With HMH, you can assess students' oral reading fluency, automate running records, and screen for dyslexia risk for every student in the class—at the same time. Plus, each student's assessment results place them directly into ESSA-strong reading tutoring.

Amira automatically generates running records and saves each student's recorded assessment for teacher review.

- Equitable assessment and dyslexia screening in English and Spanish
- Direct placement into 1:1 reading tutoring
- ESSA-strong evidence rating
- Grounded in the Science of Learning to Read

Dyslexia risk screening

+ Oral reading fluency assessment and normed progress monitoring

HMH Content Connection

The Instructional Recommendations Report provides HMH content recommendations based upon each student's skill gaps.

Each skill (phonological awareness, sight recognition, vocabulary, and decoding) includes three categories of HMH content recommendations:

- Likely mastered
- Appropriately challenging
- Very challenging

These recommendations are available for customers with an active subscription to:

- *HMH Into Reading*®
- *Saxon*® *Phonics and Spelling*

Differentiation Support

Students' assessment results automatically place them into ESSA-strong reading tutoring, proven to double reading growth.
