Student Achievement Manager (SAM)

Version 3.1.0-69

Updates

- Resolved an issue that caused inactive students with custom demographics to not be visible in SAM Search.
- Resolved an issue that caused prevented students from being enrolled in *READ 180* Universal California licenses when school license caps were active.
- Resolved an issue that caused the student pull-down menu in the Assignment Tab in the Student Digital Portfolio to not display “All Students.”
- Resolved an issue that allowed the District Profile to successfully save when required information was missing.
- Resolved an issue that caused an incorrect error message when clicking the Assignments link for some classes associated with *System 44* Next Generation.
- Resolved an issue that caused student *mSkills*, *rSkills*, and *READ 180* Next Generation work in the Student Digital Portfolio to appear differently in a printed PDF than onscreen.
- Resolved an issue that caused an incorrect number of student licenses to appear in the Manage Student Enrollment screen after switching schools.
- Resolved an issue that caused the **Next** button to not appear when a Resource search returned more than 100 results.

System 44 Next Generation
