

New Features and Updates November 20, 2020

SAM Central

SAM Central Version 1.4.63

Updates

- *MATH 180* Interactive Whiteboard Tools are now available in HTML5.
- Resolved an issue that kept *MATH 180* Course I and Course II downloadable resources from being available in SAM Central.
- Changes to the Teach button necessitated by the HTML5 release.

MATH 180

Updates

- *MATH 180* Course I and Course II are now available in HTML5. Flash version has been discontinued.

iRead

SAM/Ed Client 1.4.20-2

New Feature

- *iRead* now provides a warning to users when there is a slow network at the student location.

Updates

- Resolved an issue that caused a duplicate save during activity preloading.
- Resolved an issue that caused the server to receive the same activity twice in a row during progressive loading.
- Resolved an issue that kept the message “Your session has expired. Please login again” from displaying.
