

New Features and Updates

December 28, 2018

Student Achievement Manager (SAM)

Version 3.1.0-64

Updates

- Resolved blocking issues that kept the Reports tab and the Student Digital Portfolio from opening.

***System 44* Next Generation**

Version 3.0.1-23

Updates

- *System 44* Next Generation is now in HTML5 for all hosted customers.
- Corrected an issue in the Word Splitter activity where incorrect Help audio was playing.
- Resolved an issue that cause the loading window to not appear.
- Corrected an issue where an error was occurring in the Read & Think activity if a student double clicked on the Done button
- Corrected an issue where clicking on ending punctuation in the Success Passage would cause an error message.
