Version 2.6.1 Updates

Bug Fixes

- Security improvements.

- Resolved an issue that displayed the default class data rather than the current class date when clicking on the **View Class Data** button.

- Clicking **Forgot Username or Password** now generates a correct message reading "Your username has been emailed."

- Resolved an issue that caused state standards to not display after selecting a different class from the pull-down menu.

- Resolved an issue that kept class data from refreshing when the class was selected from the pull-down menu.

- Resolved an issue that kept Spanish special characters from displaying correctly on the Assessment page.

- Date header now correctly displays in Spanish when **View Spanish** is selected on the Assessment page.

- Resolved an issue that caused data for the default week rather than the selected week to display in the weekly and daily view in the Lesson Planner Panel.

- Clicking **Cancel** on a student's scorecard no longer changes the scorecard to the student's previous record.
