End of Life Announcement: Code X Digital/Common Core Code X

Beginning on or about July 1, 2020 HMH will discontinue making Code X Digital, the technology component of Common Core Code X, available. This is keeping with the larger discontinuation of Common Core Code X.

From **June 1, 2019 through July 1, 2020** we will provide customer support with fixes for critical bugs and technical issues. This support will end when Code X Digital is removed from HMH-hosted sites.
