

## Getting Started with Interchangeable Math Licenses

For the 2020-2021 school year, all new subscription customers will be purchasing interchangeable Math Licenses to enroll students in either *MATH 180* Course I or Course II. This means that customers will have the option to enroll students in either program, depending on the student need, with the same license.

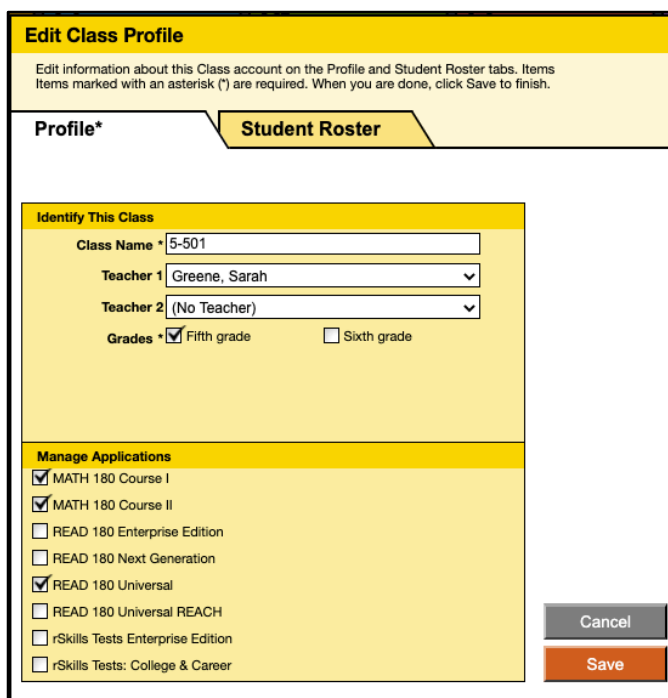

Both teachers and administrators may set up classes and enroll students in SAM or SAM Central as described in the following steps. Teachers may log into SAM or SAM Central and assign each student either a *MATH 180* Course I or Course II license

### Setting Up Your Class and Enrolling Students in SAM

Make sure each class is associated with Interchangeable Math products. This can be done in SAM or SAM Central.

To set up the class from SAM:

1. From the Roster tab, click **Edit Class Profile** in the upper right-hand corner.
2. In the Manage Applications field, click *MATH 180* Course I and Course II.
3. Click **Save**

**Edit Class Profile**

Edit information about this Class account on the Profile and Student Roster tabs. Items marked with an asterisk (\*) are required. When you are done, click Save to finish.

To enroll students with Interchangeable Math Licenses in SAM:

1. Log into SAM and click **Manage Student Enrollments** from the Roster tab.
2. Click the checkbox at the top of the class list to enroll the entire class in either *MATH 180* Course I Interchangeable or *MATH 180* Course II Interchangeable. Click **Save** to save settings or **Save & Return** to save settings and return to the home screen.

Note that when using the Interchangeable Math License, students may only be enrolled in one program at a time. However, after removing a student from Course I Interchangeable, that student may be placed in Course II Interchangeable on the same license.
