## **READ 180 Overview**

The Scholastic Achievement Manager (SAM) is the learning management system for Scholastic software programs, including *READ 180* and the programs in the *READ 180* Suite. SAM collects and organizes software performance data that students generate while using Scholastic programs. SAM provides teachers and administrators with easy-to-use tools for:

- Managing student rosters
- Generating reports that capture student performance data at the student, classroom, school, and district levels
- Locating helpful resources for classroom instruction
- Customizing program settings to meet individual needs
- Aligning instruction to student needs
- Communicating student progress to parents, teachers, and administrators

### **A Note for *READ 180* Next Generation Users**

Districts with *READ 180* Next Generation installed on their servers will see a fifth SAM tab, the Portfolio tab. Only teachers with students enrolled in *READ 180* Next Generation are able to access the functions on the Portfolio tab. For information on using the Portfolio tab, see [SAM Settings and Reports for READ 180 Next Generation](#).

**Scholastic Achievement Manager Manuals**

For information on *READ 180*, see the [READ 180 Software Manual](#). For information on installing *READ 180*, see the [READ 180 Installation Guide](#). For other information, see the chart below. All manuals are available at the [Scholastic Education Product Support](#) website.

## Enrolling Students in READ 180

Students are enrolled in *READ 180* through SAM. If students have been enrolled and have profiles in SAM, teachers may enroll students in the programs and use the *READ 180* Program Settings to individualize the software for students. To add students to SAM and create student profiles, see [Enrolling and Managing Students Using Scholastic Achievement Manager](#).

Check if students are enrolled in *READ 180* by checking the Usage Summary section on the class's Profile Screen. Locate the number of students who are enrolled in each Scholastic program at the bottom of the table.

To enroll students in *READ 180* from the class's Profile Screen:

**Manage Enrollment**

Use the check boxes to enroll or unenroll students in Scholastic programs. Use the check box at the top of each column to enroll all students in that program.

[Cancel & Return](#)

1. Open the Profile Screen for the class or group that has the students to be enrolled by double-clicking that class or group in the SmartBar.
2. Click the **Manage Enrollment** link under Manage Roster in the upper right corner of the screen.
3. Use the check boxes to enroll students in any of the Scholastic programs, or use the check boxes at the top of the chart to enroll every student in the list at the same time.
4. Click **Save & Return** to save changes and return to the Profile Screen. Click **Save** to save changes and remain on the Enrollment tab. Enroll additional students in *READ 180* by double-clicking another class or group in the SmartBar.

The **Manage Enrollment** link lists only those programs for which there are licenses. Check the Total Seats Remaining line to see how many licenses are available. Students may only be enrolled in *READ 180* if there are licenses available. An error message appears if there are not sufficient licenses available. Contact the district or school administrator if additional licenses are needed.

**Teacher Tip**

Remember to also enroll *READ 180* students in *rSkills Tests*, *Scholastic Reading Counts!* and *Scholastic Reading Inventory*.

## READ 180 Program Settings

Teachers may adjust *READ 180* Program Settings to individualize the program experience for students, groups, or classes. Administrators may also adjust settings on the grade, school, or district level.

Use the *READ 180* Program Settings in SAM to:

- Enroll and unenroll students in *READ 180*
- Change students' level in the *READ 180* Topic Software
- Adjust the audio and visual settings to meet students' needs
- Adjust the reading speed to meet students' needs
- Enable button rollover for hearing-impaired students
- Enable English language learners (ELL) support for students who speak Spanish, Cantonese, Haitian Creole, Hmong, or Vietnamese
- Change or skip Topic Software for students

To adjust *READ 180* Settings from a Profile Screen:

Programs			
 READ 180	<a href="#">Settings</a>	<a href="#">Grading Tools</a>	<a href="#">Certificates</a>
 rSkills Tests	<a href="#">Settings</a>	<a href="#">Grading Tools</a>	
 Scholastic Math Inventory	<a href="#">Settings</a>		
 Scholastic Reading Counts!	<a href="#">Settings</a>	<a href="#">Grading Tools</a>	<a href="#">Certificates</a>

1. Double-click the class, group, or student's name on the SmartBar to open their Profile Screen.
2. Click the **Settings** link next to the *READ 180* icon in the Programs menu to access the *READ 180* Program Settings Screen.

The *READ 180* Program Settings screen has two tabs: Settings and Topic Manager.

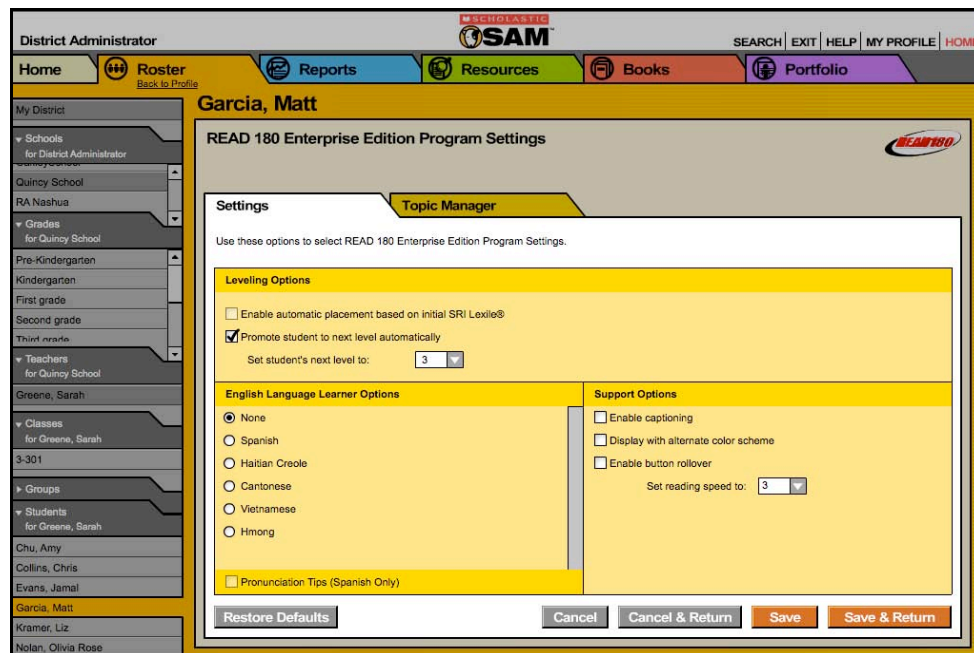

### Teacher Tip

Remember that some settings might make sense for a whole class, others for individual students. Use the SmartBar to select the whole class, groups, or individual students before accessing the Program Settings Screen.

## Using the Settings Tab

On the Settings tab of the Program Settings Screen there are three types of settings options:

- **Leveling Options:** For placement and promotion in the Topic Software
- **English Language Learner Options:** For adjusting English-language learner (ELL) settings
- **Support Options:** For adjusting *READ 180* functions to meet students' needs

### Teacher Tip

To change the settings for a group or an entire class, double-click that group or class name in the SmartBar. Any changes made to the Program Settings at this level apply to all students in that group or class.

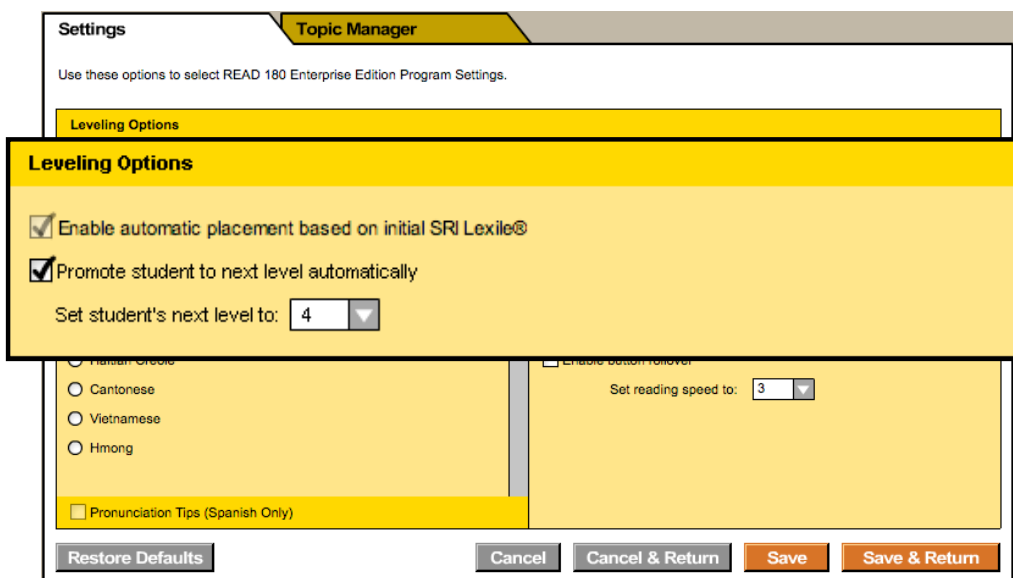

## Leveling Options

By default, students' *READ 180* Topic Software levels are assigned automatically based on their Lexile<sup>®</sup> measure as determined by the *Scholastic Reading Inventory* (SRI) test, or entered by the teacher.

From the Settings tab, use the Leveling Options menu to manually set students' level in the *READ 180* Topic Software and disable automatic placement. Use the pull-down menu to set students' starting level.

The levels correspond to the degree of difficulty for each reading passage; students with a higher level receive more difficult text passages and Study Words.

For information about SRI, see the [Scholastic Reading Inventory Software Manual](#).

There are three leveling options:

- **Enable Automatic Placement:** This automatically determines the students' level based on their SRI Lexile measure the first time they log in to *READ 180*. Once students have logged in to *READ 180* for the first time, teachers may no longer change their Enable Automatic Placement setting.
- **Promote Student to Next Level Automatically:** This increases students' level once they have shown mastery of their current level in *READ 180*.
- **Set Student's Next Level:** This option allows teachers to assign or change a student's level manually by selecting a number from the pull-down menu.

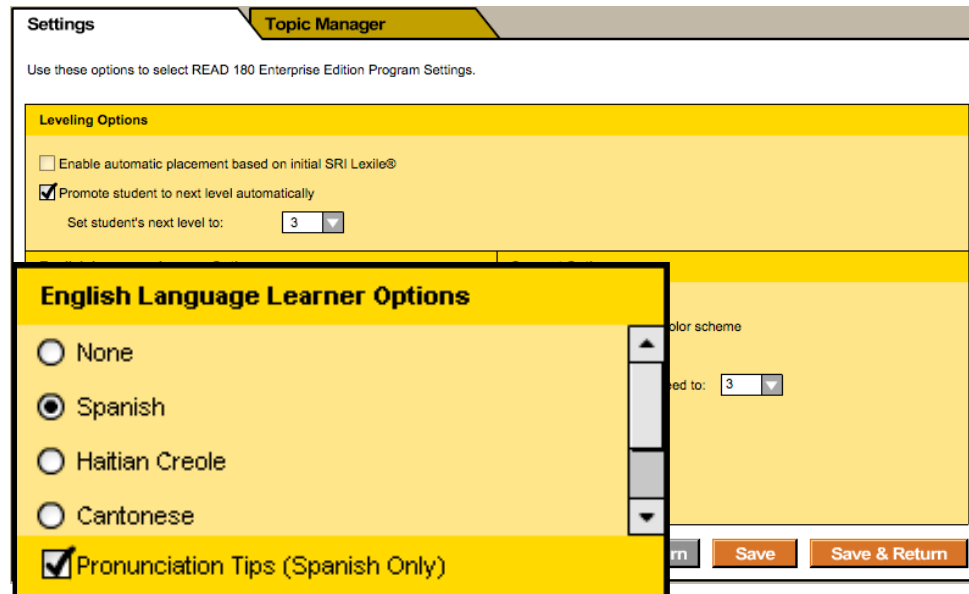

### Teacher Tip

To ensure accurate placement in *READ 180*, enroll students in SRI first, administer the test, and then enroll students in *READ 180*.

## English Language Learner (ELL) Options

READ 180 provides English language learners (ELL) with the following support in their language:

- A short summary preview of the Anchor Videos
- Translations of Power Words appear in each passage
- Pronunciation Tips for English words are available in every activity (for Spanish-speaking students only)

The screenshot shows the 'Settings' tab in the 'Topic Manager' section. The 'Leveling Options' section includes a checkbox for 'Enable automatic placement based on initial SRI Lexile®' (unchecked) and a checked checkbox for 'Promote student to next level automatically'. Below this is a dropdown menu for 'Set student's next level to:' with the value '3' selected. The 'English Language Learner Options' section is highlighted with a yellow border and contains radio buttons for 'None', 'Spanish' (selected), 'Haitian Creole', and 'Cantonese'. At the bottom of this section is a checked checkbox for 'Pronunciation Tips (Spanish Only)'. To the right, there is a 'Color scheme' dropdown and another 'Set to:' dropdown with '3' selected. At the bottom right are 'Save' and 'Save & Return' buttons.

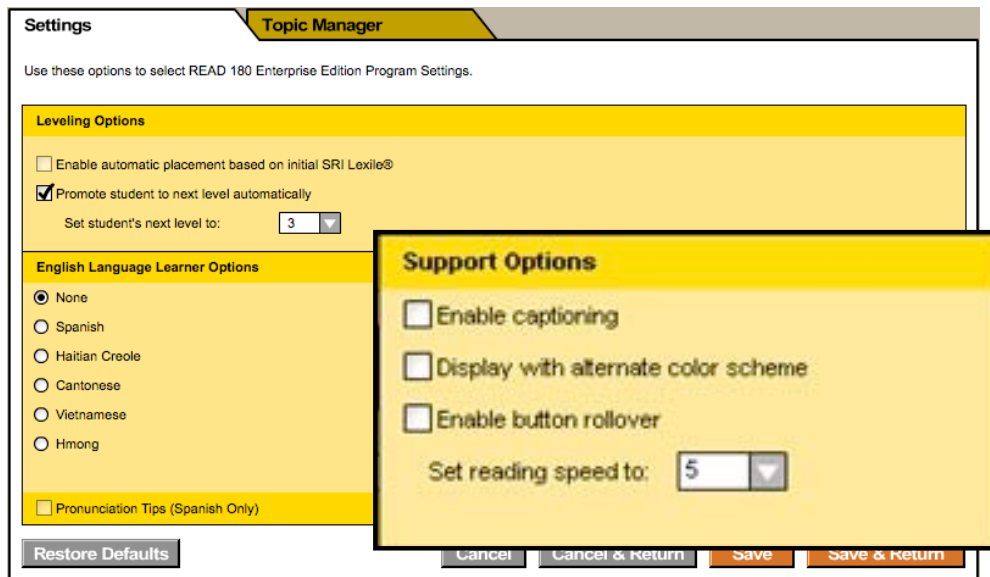

To enable ELL support from the Program Settings Screen for *READ 180*:

1. Select the student, group, or class from the SmartBar.
2. Click the **Settings** link next to the *READ 180* icon in the Programs menu.
3. Click the Settings tab.
4. Click a radio button in the English Language Learners Options menu in the lower left corner of the tab to select a primary language. Click the check box to enable Pronunciation Tips (for Spanish-speaking students only).
5. Click **Save** to keep changes and stay on the Settings tab or **Save & Return** to return to the Profile Screen.

Students may access ELL support in *READ 180* by clicking a language button in a video screen or Word window.

## Support Options

Use the Support Options menu to tailor the *READ 180* Program Settings to meet students' needs.

The screenshot shows the 'Settings' window with a 'Topic Manager' tab. The 'Leveling Options' section includes a checkbox for 'Enable automatic placement based on initial SRI Lexile®' (unchecked) and a checked checkbox for 'Promote student to next level automatically'. Below this is a pull-down menu for 'Set student's next level to:' with the value '3'. The 'English Language Learner Options' section has radio buttons for 'None' (selected), 'Spanish', 'Haitian Creole', 'Cantonese', 'Vietnamese', and 'Hmong'. There is also a checkbox for 'Pronunciation Tips (Spanish Only)' (unchecked). A 'Restore Defaults' button is at the bottom left. A 'Support Options' dialog box is overlaid on the right, containing checkboxes for 'Enable captioning', 'Display with alternate color scheme', and 'Enable button rollover', all of which are unchecked. Below these is a pull-down menu for 'Set reading speed to:' with the value '5'. At the bottom of the dialog are buttons for 'Cancel', 'Cancel & Return', 'Save', and 'Save & Return'.

Use the check boxes and pull-down menu to adjust the following options:

- **Enable Captioning:** Displays captions for all voice-over audio and video;
- **Display With Alternate Color Scheme:** Allows visually challenged students to view light text on a dark background instead of the default dark text on a light background;
- **Enable Button Rollover:** Provides text labels that describe the buttons and gives audio prompts for each of the buttons in the program;
- **Set Reading Speed:** Regulates the speed of the Word-by-Word, Phrase-by-Phrase, and Practice reading modes from 1 (slowest) to 5 (fastest). The default setting is 3. Students may also manually adjust their reading speed during the Reading Passage.

## Topic Manager Tab

The Topic Manager tab helps manage the topics that classes, groups, and students are working on in *READ 180*. Use the Topic Manager to:

- Skip the current Topic Software or segment in which students are working
- Enable or disable *READ 180* Topics

Enable	Stage	Topic Name	Completion Level(s)
<input checked="" type="checkbox"/>	B1	Art Attack	
<input checked="" type="checkbox"/>	B2	Disaster!	
<input checked="" type="checkbox"/>	B3	Survive	
<input checked="" type="checkbox"/>	B4	Help Wanted

<input checked="" type="checkbox"/>	B7	Beating the Odds	
<input checked="" type="checkbox"/>	B8	Extreme Sports	
<input checked="" type="checkbox"/>	B9	The Whole World Watched	

To access the Topic Manager tab:

1. Select the student, group, or class name in the SmartBar to open the appropriate Profile Screen.
2. Click the **Settings** link next to the *READ 180* icon in the Programs menu.
3. Click the Topic Manager tab.

### Teacher Tip

Students must have an assigned *READ 180* level before teachers may use the Topic Manager to manage students' settings.

## Managing Topics

The Topic Manager is where teachers manage all *READ 180* Topic Software, including additional and extra Topic Software purchases. The Topic Manager tab contains information about the current Topic Software in which students are currently working. From this tab, teachers may view and manage students' status in their current Topic Software CD and *READ 180* stage, as well as activate and deactivate topics based on students' reading progress.

## Viewing the Topic Status for Students and Classes

The screenshot shows the SAM interface for a District Administrator. The main content area is titled "READ 180 Enterprise Edition Program Settings" and has a "Topic Manager" tab selected. Below the tab, there is a "Settings" section with a "Show Topic Software for:" dropdown menu set to "All Stages". Below this is a table with columns for "Enable", "Stage", and "Topic Name".

Enable	Stage	Topic Name
<input checked="" type="checkbox"/>	B01	Art Attack
<input checked="" type="checkbox"/>	B02	Disaster!
<input checked="" type="checkbox"/>	B03	Survive
<input checked="" type="checkbox"/>	B04	Help Wanted
<input checked="" type="checkbox"/>	B05	Show Me the Money!
<input checked="" type="checkbox"/>	B06	You and the Law
<input checked="" type="checkbox"/>	B07	Beating the Odds
<input checked="" type="checkbox"/>	B08	Extreme Sports
<input checked="" type="checkbox"/>	B09	The Whole World Watched

At the bottom of the table, there is a note: "\* Supplemental Content". Below the table are four buttons: "Cancel", "Cancel & Return", "Save", and "Save & Return".

From the Topic Manager tab teachers may view the students' current Topic or view which topics the groups or the entire class is working on.

To view the status of a class's or group's Topics, choose a stage from the Show Topic Software pull-down menu. Choose an enrolled student or class's stage, or choose to see the status for all stages.

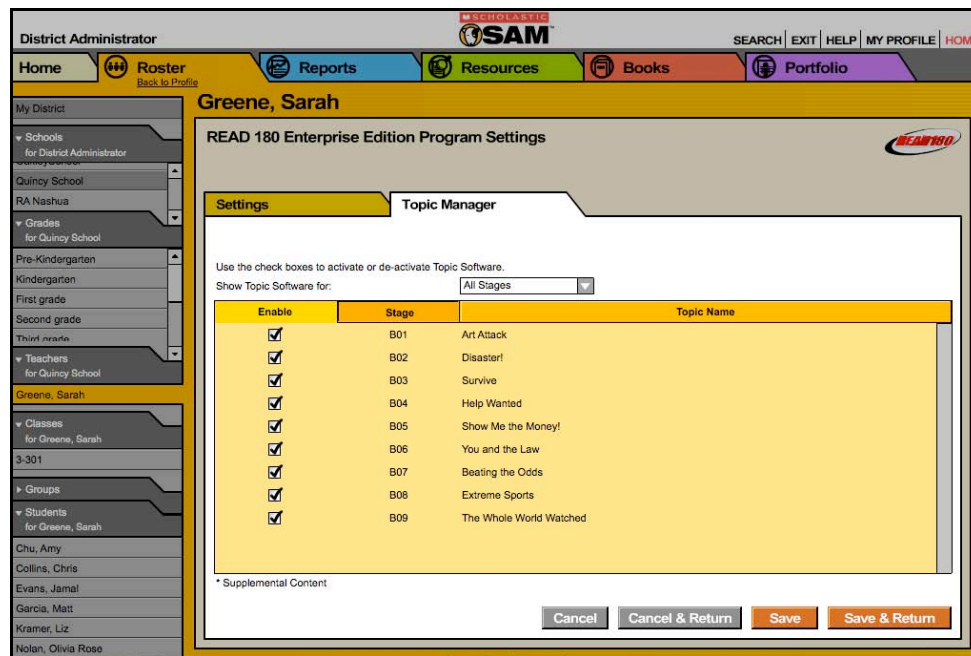

### Teacher Tip

Click the Stage or Topic Name column headings to sort the information in the table based on that column.

## Enabling and Disabling Topics for Students and Classes

Enable or disable Topic Software for entire classes, groups, or students, based on their reading levels from the Topic Manager tab.

To enable or disable topics from the Program Settings Screen:

1. Double-click the appropriate student, class, or group in the SmartBar.
2. Click the Topic Manager tab. If viewing a group or class Profile, use the Show Topic Software pull-down menu to see the status for a specific *READ 180* stage or all stages in which the class is enrolled.
3. Enable topics using the check boxes in the Enable column, or disable topics by deselecting the check boxes.
4. Click **Save** to keep changes and stay on the Topic Manager tab, or **Save & Return** to return to the Profile Screen.

**NOTE:** If students are currently working on a topic, the check boxes for that topic are grayed out in the class's or group's level Topic Manager tab. Topics that students are currently working on may not be disabled.

### Topic Status

Students only have access to enabled topics that they have not yet completed. Teachers may view students' topic status in the Topic Manager.

When students complete a topic, the program automatically records the level at which students have completed this topic in the Completion Level(s) column. An "S" in the column indicates topics students have skipped.

The Completion Level(s) column is only seen in the Topic Manager tab for individual students.

### Teacher Tip

When working with a class or group in the Topic Manager, the status of grayed-out topics may not be changed. Make those changes in the Topic Manager tab for individual students.

### Xtra Topics

**Manage Enrollment**

Use the check boxes to enroll or unenroll students in Scholastic programs. Use the check box at the top of each column to enroll all students in that program.

Each stage of *READ 180* has Xtra Topics. Students must be enrolled in the Xtra Topics for their stages in order to access these topics. To enroll students in Xtra Topics for their stage, use the **Manage Enrollment** link (page 7) and select the appropriate box to enroll each student in the Xtra Topic.

## Skipping Topics

If a topic is particularly challenging for a student, teachers may manually skip the topic through the SAM Program Settings. *READ 180* saves any student work on that topic; however, data on that topic will be incomplete. Students may proceed to another topic the next time they log in to *READ 180*.

To skip a topic for a student from the Topic Manager tab:

1. Select the student in the SmartBar to open that student's Profile Screen.
2. Click the **Settings** link next to the *READ 180* icon in the Programs menu.
3. Click the **Skip** link next to either the Current Topic CD or the Current Segment. This opens a pop-up window asking to confirm the decision. Click **Yes** to continue or **No** to cancel.
4. Click **Save** to keep changes and stay on the Topic Manager tab, or **Save & Return** to return to the Profile Screen.

### Teacher Tip

To keep report data accurate, avoid having students return to skipped topics. Students may return to skipped topics, but only at a different level in the *READ 180* Topic Software.

## READ 180 Grading Tool

The screenshot shows the READ 180 Grading Tool interface for user Sarah Greene. The main navigation bar includes Home, Roster, Reports, Resources, Books, and Portfolio. The user is logged in as Garcia, Matt. The interface is divided into a left sidebar with navigation options (My District, Schools, Grades, Teachers, Classes, Groups, Students) and a main content area. The main content area is titled 'READ 180 Grading Tool' and has two tabs: 'Assignment' and 'Fluency Evaluation'. The 'Assignment' tab is active, displaying a table of assignments:

Assignment Name	Date	Score
<input type="checkbox"/> Vocabulary Test <a href="#">Edit</a> <a href="#">Remove</a>	3/4/2011	17 / 20 = 85%
<input type="checkbox"/> QuickWrites <a href="#">Edit</a> <a href="#">Remove</a>	2/28/2011	8 / 10 = 80%

Below the table, there is a section for 'Average of selected assignment scores:' and a 'Cancel & Return' button.

The *READ 180* Grading Tool allows teachers to track and score students' progress. Use the Grading Tool to assess fluency recordings from the software and enter grades for assignments. The Grading Tool Screen has two tabs:

- **Assignment:** Allows teachers to easily enter and track grades for selected classroom-based activities, such as QuickWrites and *rBook*<sup>®</sup> work.
- **Fluency Evaluation:** Allows teachers to review, grade, and comment on the students' final recordings from the Success Zone in the *READ 180* software.

To access the *READ 180* Grading Tool:

1. Double-click a student in the SmartBar to open the student's Profile Screen.
2. Click the **Grading Tools** link next to the *READ 180* icon in the Programs menu to open the Grading Tool. The Grading Tool is only accessible from a student Profile Screen.

## Using the Assignment Tab

The screenshot shows the 'READ 180 Grading Tool' interface. The left sidebar contains a navigation menu for Sarah Greene, including options for My District, Schools, Grades, Teachers, Classes, Groups, and Students. The main content area is titled 'Garcia, Matt' and 'READ 180 Grading Tool'. It features an 'Assignment' tab with a table of assignments and a 'Fluency Evaluation' tab. The table lists two assignments: 'Vocabulary Test' and 'QuickWrites', each with a score and percentage. A 'Cancel & Return' button is at the bottom right.

Assignment Name	Date	Score
<input type="checkbox"/> Vocabulary Test <a href="#">Edit</a> <a href="#">Remove</a>	3/4/2011	17 / 20 = 85%
<input type="checkbox"/> QuickWrites <a href="#">Edit</a> <a href="#">Remove</a>	2/28/2011	8 / 10 = 80%

Average of selected assignment scores:

Selected scores will be averaged and displayed in the Teacher-Directed Instruction column of the Grading Report. If no Assignment scores are selected, the column on the report will be blank.

Use the Grading Tool to record students' scores on each of the following *READ 180* assignments:

- Workshop Writing Prompts
- Workshop Wrap-Up
- QuickWrites
- Participation
- Vocabulary Tests
- Final Project

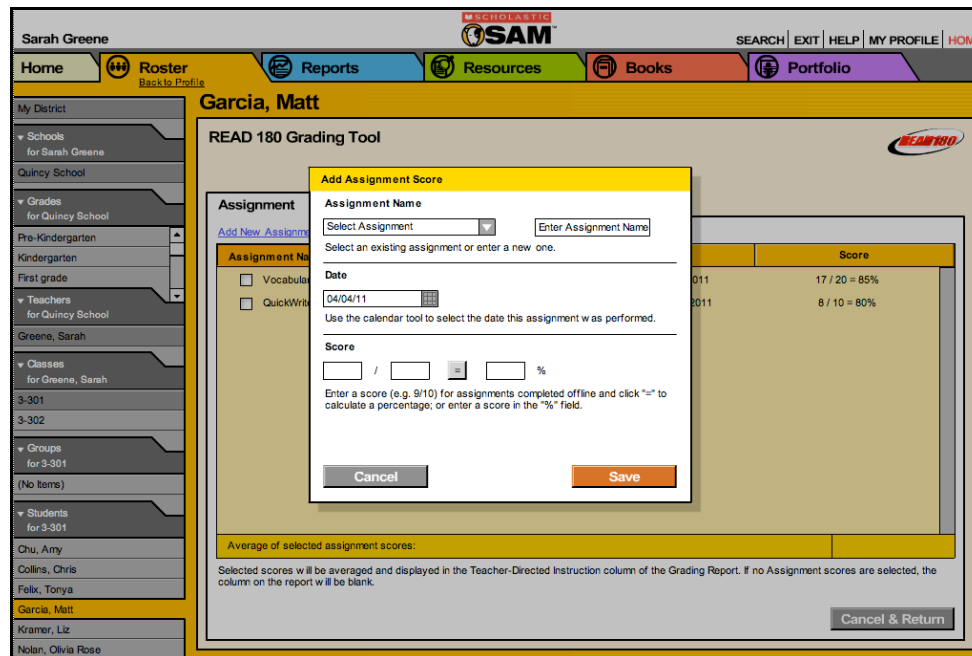

Teachers may also create their own categories in the Assignment tab, such as Book Report or Argument Writing.

### Teacher Tip

All grades from the assignment list are averaged and weighted equally. They appear in the Teacher-Directed Instruction column of the Grading Report.

## Adding Grades for READ 180 Assignments

Use the *READ 180* Grading Tool to add assignment grades for students:

1. Click the **Assignment** tab in the Grading Tool Screen.
2. Click the **Add New Assignment** link to open the Add Assignment Score window.
3. Use the pull-down menu under Assignment Name to select Final Project, Participation, QuickWrites, Vocabulary Test, Workshop Wrap-Up, or Workshop Writing Prompts. To create a new assignment, type the name in the Enter Assignment Name text field.
4. Use the calendar tool to select the date students completed the assignment.
6. Enter the assignment score in the grade calculator and click the **Equals (=)** button to generate the student's percentage score for the assignment.
5. Click **Save** when finished. The recorded score appears in the main display.

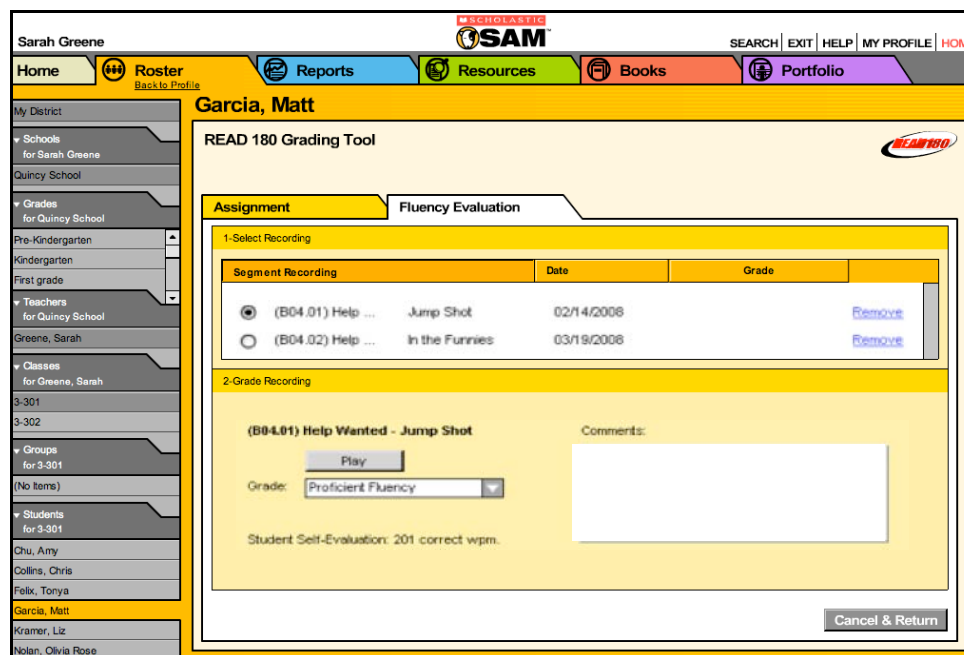

## Removing Assignment Grades

Teachers may delete Assignment Grades input using the Grading Tool at any time. To delete an Assignment Grade:

1. Click the **Remove** link next to the appropriate assignment. A prompt loads.
2. Click **OK** to delete the assignment and return to the Assignment tab.

## Evaluating Final Recordings

Use the Fluency Evaluation tab to review and grade students' final recordings from the *READ 180* Success Zone and send that score to the Grading Report.

To listen to and grade students' final recordings in the *READ 180* Grading Tool:

1. Double-click a student's name in the SmartBar to open that student's Profile Screen.
2. Click the **Settings** link next to the *READ 180* icon in the Programs menu.
3. Click the Fluency Evaluation tab. Students' fluency recordings appear in the Select Recording menu.
4. Choose the fluency recording by clicking the radio button next to the recording name. This populates the Grade Recording menu.
5. Click **Play**. The recording plays in a new window.
6. Choose a score from the Grade pull-down menu. There are six possible grades, from least proficient (Beginning Fluency) to most proficient (Exemplary Fluency).
7. Enter any commentary in the Comments text box.
8. Click **Save** to add the information to the student's Profile and remain on the Fluency Evaluation tab. Click **Save & Return** to return to the Profile Screen.

## Certificates

READ 180 award certificates for students, groups, classes, grades, or schools may be generated through SAM. Award certificates may be automatically generated or customized to meet classroom needs.

## Generating and Printing Certificates Automatically

When students reach a *READ 180* milestone, SAM notifies teachers through the SAM Message Center (see [Getting Started With Scholastic Achievement Manager](#) for more information on the SAM Message Center). Clicking **Show Me** from the Message Center opens a PDF of the certificate marking the student's achievement. Notifications that involve more than one student generate certificate PDFs for each student.

Teachers may also create and print customized award certificates for a student, multiple students, groups, teachers, grades, or a school. To create and print a custom certificate:

1. Double-click a name in the SmartBar to select the student, group, class, teacher, grade, or school profile for which to print the certificate.
2. From the Profile Screen, click the **Certificates** link in the *READ 180* row of the Programs menu to open the Certificate Manager Screen.
3. Enter a custom message that will appear on the award certificate in the appropriate fields, if desired.
4. Check the box next to the students, groups, classes, grades, or schools to select who will receive the award certificate.
5. Click the **Print Preview (PDF)** button to preview and print the certificate.

## Running and Using Reports

When students work in SAM-based technology programs, SAM automatically collects and saves students' performance data. To access *READ 180* data reports in SAM, click the **Reports** icon on the SAM Home Screen or the Reports tab at the top of any screen in SAM. Reports provide data-driven information on student, class, and group progress in a variety of formats, including charts, graphs, and tables. They help monitor student progress, check software usage, plan instruction, and diagnose student needs.

Depending on their permission settings in SAM, teachers may have access to different report options. For example, teachers may only run reports for classes, groups, and students assigned to them; however, accounts with administrator permissions can run reports on the school or even the district level.

## The Reports Index

The Reports Index lists the available reports for a SmartBar selection. Access the Reports Index by clicking the **Reports** icon on the SAM Home Screen or the Reports tab at the top of any screen. Clicking **My Classes** (or **My District** for administrators) at the top of the SmartBar shows all available reports according to permissions level in the main display.

## Filtering the Reports List

At the top of the Reports Index, the Show pull-down menu provides four options for filtering reports:

- **All Reports:** Shows the complete list of reports available
- **Multi-Classroom Reports:** Shows reports that include data collected across several classrooms or schools
- **Classroom Reports:** Shows reports for students in one or more classes
- **Student Reports:** Shows reports for individual students

Click the column headings to sort the Reports Index. Double-clicking a student, group, class, teacher, grade, school, or district (depending on your account) in the SmartBar from the Reports Index shows the Scholastic recommended reports for that selection.

## Running Reports

SAM reports may be filtered by type and time period. To run a report:

1. Click the Reports tab from any screen in SAM or the **Reports** button on the SAM Home Screen to show the Reports Index.
2. Double-click a name in the SmartBar to select the student, group, class, teacher, grade, school, or district for which to run a report.
3. The Reports Index lists each of the Scholastic programs the school is using and the recommended reports to run for the SmartBar selection. By default, All Reports is selected and all bars are open; clicking the bar closes that program's list. Under the *READ 180* bar in the Reports Index is a list of all *READ 180* reports available to the SmartBar selection.
4. Select a report by clicking the radio button next to the name of the report. Depending on the report, change the time period by making a selection in the Time Period menu on the right side of the screen. The recommended time period is the default setting.
5. Click **Run Report** to display the report onscreen.

Report Description  
Please select a report.

**Run Report**

To run the same report for another time period, or to change the time period:

1. Click the **Time Period** link and use the calendar tool to customize a new time period for which you would like to rerun the report.
2. Click **Run Report** to run the same report for the new time period.

To run a report for a different SmartBar selection from the Reports Index, double-click the desired profile on the SmartBar. The report will run for the new selection, if applicable. Some reports are valid for multiple SmartBar selections and others are not. Thus, running a student report and double-clicking a class name on the SmartBar does not run the report but returns the user to the Reports Index.

**Teacher Tip**

Click the Using This Report link on the top of any onscreen report for suggestions on how to apply each report to class or student goals.

## Viewing Reports

When the report is selected and run, it appears in the Reports Index. Click the column headings to sort the results. The PDF of the report will reflect the sorts made. The onscreen report offers several options:

- **Time Period:** Changes the time period covered in the report
- **Apply Demographic Filter:** Launches the Demographic Filter, which helps filter the information for specific groups
- **Related Reports:** Opens a window showing a list of related reports
- **Save a Copy (PDF):** Allows the report to be saved as an Adobe® PDF
- **Print Preview (PDF):** Launches the printing process for printing the report

### Teacher Tip

When viewing a report onscreen, users may make a different selection on the SmartBar without having to go back to the Reports Index to rerun the report.

## Viewing Related Reports

The screenshot shows the SAM interface for a District Administrator. The top navigation bar includes 'Home', 'Roster', 'Reports', 'Resources', and 'Books'. The main content area displays a 'Completion Success Report' for 'Greene, Sarah'. A 'Related Reports' window is open, listing three reports:

- READ 180 Participation Report:** Use this report to identify students who are using the Software less than the optimal time needed to make reading progress.
- READ 180 Student Reading Report:** This report shows students' progress in each READ 180 Topic Software segment they have completed.
- Scholastic Reading Inventory Student Progress Report:** Use this report to monitor a student's SRI test progress. Use a Custom Time Period to see their complete history.

A 'Return To Report' button is located at the bottom of the Related Reports window. The background interface shows a navigation menu on the left with options like 'My District', 'Schools', 'Grades', and 'Teachers'.

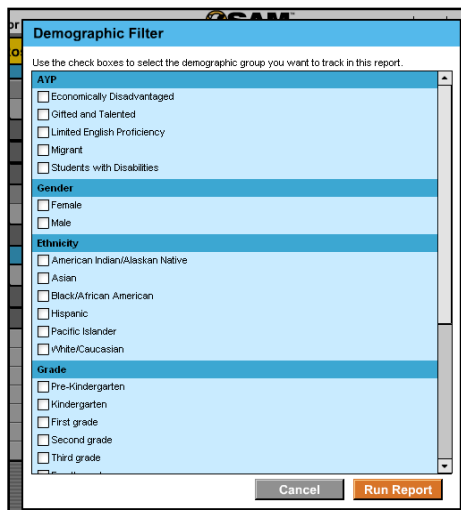

For each report, Scholastic has compiled a list of related reports that it recommends for further data exploration and analysis.

To view Related Reports, click the **Related Reports** link in the upper right corner of the Reports Index to open a window that displays the list of related reports.

## Using the Demographic Filter

If districts have entered student demographic information into student profiles, then reports may be sorted by this demographic information using the Demographic Filter. Filtering by these categories may help districts and schools to track, monitor, and demonstrate that they are meeting Adequate Yearly Progress (AYP) goals. The Filter provides focused reporting based on various categories, including:

- **AYP criteria:** Make distinctions between students based on their AYP category
- **Ethnicity:** Identify students by ethnic background
- **Grade:** Filter reports depending on which grade the student or class is associated with
- **Gender:** Choose Male or Female
- **Scholastic Program:** Filter reports by Scholastic program

Use the Demographic Filter to run Multi-Classroom or Classroom reports (up to 30 students in a class) by demographic categories. Choosing more than one category generates more specific reports. To apply demographic filters to a report:

1. Click the **Apply Demographic Filter** link on the top of the Reports Index to open the Demographic Filter window.
2. Use the check boxes to select categories.
3. Click **Run Report** to rerun the report to include and display only the students that match the selections.

Administrators may use the Demographic Filter to run reports for a single grade across all schools in the district.

### Teacher Tip

To run a report using a different set of criteria, click **Apply Demographic Filter** and check the appropriate categories. This allows teachers or administrators to compare data among different groups or students in the school or district.

### Returning to the Reports Index

Click the **Show All Reports** or **Return to Reports Index** links on the Reports tab to return to the Reports Index.

### Printing a Report

Teachers may print any report for record-keeping purposes or sharing with administrators, students, or parents. To print a report from the Reports screen:

1. Click the **Print Preview (PDF)** link to open the report in a new window.
2. Select **File**, and then **Print** from the menu in Adobe Reader or Acrobat.

### Saving a Report to Your Computer

Users may save any report to their computer or workstation after running it. To save a report from the Reports Index:

1. Click the **Print Preview (PDF)** link to open the report as a PDF file.
2. Select **File** and then **Save As** to save the report, or select the **Save** icon in the toolbar.
3. Select the location to save the report and then click **Save**.

## Saving a Report in SAM

The screenshot shows the SAM interface for a District Administrator. The top navigation bar includes 'Home', 'Roster', 'Reports', 'Resources', and 'Books'. The 'Reports' tab is active, showing 'Show All Reports'. The main content area is titled 'Greene, Sarah' and 'Saved Reports for Greene, Sarah'. A table lists saved reports with columns for Report Name, Type, Date Saved, and a Delete link.

Report Name	Type	Date Saved

<a href="#">Grading Report</a>	Progress Monitoring	5/27/2010	<a href="#">Delete</a>

Reports may be saved in SAM and quickly accessed from the Reports Index using the **View Saved Reports** link.

To save a generated report, click the **Save a Copy (PDF)** link in the upper right corner of the onscreen report. This saves the report in PDF format in SAM with the appropriate profile information included.

To access a report saved in SAM from any SAM screen:

1. Double-click a selection in the SmartBar.
2. Click the Reports tab to access the Reports Index.
3. Click the **View Saved Reports** link in the upper right corner of the Reports Index. The system will display a list of saved reports for that selection in the SmartBar.
4. Click the report name link to open the PDF file for that report.

### Teacher Tip

When saving a copy of a report, the report is stored on the computer's hard drive. When saving a report in SAM, it is stored on the SAM server and may only be accessed from the Reports Index.

## READ 180 Reports

READ 180 reports provide detailed information about students' progress in word study, comprehension, vocabulary, and spelling. These reports help target student instruction, assess student strengths and weaknesses, evaluate reading progress, and motivate students. They may also facilitate administrative and management tasks and help strengthen communication between the classroom and students' parents and guardians. Additional information about reports is available in the **READ 180 Placement, Assessment, and Reporting Guide**.

### Report Types

There are six types of reports. The following table explains the report types and lists the corresponding READ 180 reports. Teachers may run reports for classes, groups, and students assigned to them. Administrators or teachers with administrator permissions may run reports for any cohort in the SAM database.

### Comparative Time-on-Task Report

**Report Type:** Instructional Planning

**Purpose:** The bars show the relative amounts of time students spend in each *READ 180* zone. Use this report to track how students are using their time in the program.

**Follow-Up:** Encourage students to balance their time among the zones. Remind students to visit the Reading Zone each day.

**SmartBar Selection:** District, School, Grade, Teacher, Class, Group

**Related Reports:** Student Segment Status Report, Student Diagnostic Report, Participation Report

#### Teacher Tip

High time percentages are common in the Spelling Zone; students tend to enjoy the activity and the immediate, corrective feedback.

## Parent Report I

SCHOOL-TO-HOME

**STUDENT: COLLINS, CHRIS**

School: Quincy School  
Teacher: Sarah Greene

September 5, 2011

Dear Parent or Caregiver,

Chris has been enrolled in *READ 180*, an intensive reading program. *READ 180* will help Chris recognize and spell words correctly, read with fluency and comprehend the text. The goal of this program is for Chris to read grade-level material independently, with confidence and fluency in all subjects.

This report shows you where Chris has been placed in the program. You will be receiving reports about how Chris is doing throughout the year.

Assessment	Results
<i>READ 180</i> Reading Level	Level 2 of 4
SRI* Test Score and Date	340 Lexiles (09/01/04)
SRI Performance Standard	400–700 Lexiles

\* Scholastic Reading Inventory (SRI) is a comprehension test that monitors students' reading levels and matches them to text.

Here are some things you could do at home to help Chris become a lifelong reader:

- **The Daily Read:** Make reading a daily activity by reading to, or with, your child for 20 minutes every day.
- **Fast and Fun Reads:** Use magazines, newspapers, comic books, recipes, TV schedules, travel guides, and road signs as reading opportunities, wherever you are and whatever you and your child are doing.
- **The Movie or the Book:** Rent videos or DVDs on a topic that your child is interested in. Find books on a similar topic.
- **Read and Ride:** Listen to books on tape or CD while traveling by car. Or bring a personal player with earphones for your child to listen to books while on a train or plane.
- **Read and Chat:** Talk about what your child is reading. Ask questions about the characters or what happens in the story.

Thank you for your support in making reading and the goals of *READ 180* important at home as well as in the classroom.

Sincerely,

**Report Type:** School-to-Home

**Purpose:** This report for parents and caregivers introduces *READ 180* and summarizes the results of the student's SRI test.

**Follow-Up:** Check in with parents by phone or at parent-teacher conferences to explain the assessment results in this letter and to answer any questions.

**SmartBar Selection:** Grade, Teacher, Class, Group, Student

**Related Reports:** Parent Letters are available in English, Haitian Creole, Hmong, Spanish, Cantonese, and Vietnamese.
