

## Getting Started With SAM Central and *Math Inventory*

SAM Central is the teaching management system for *Math Inventory*. Teachers in districts upgrading from earlier versions of *Math Inventory* with Student Achievement Manager (SAM) functions in SAM Central. Like SAM, SAM Central allows teachers to customize program settings, schedule and run reports, and access educational and professional development resources.

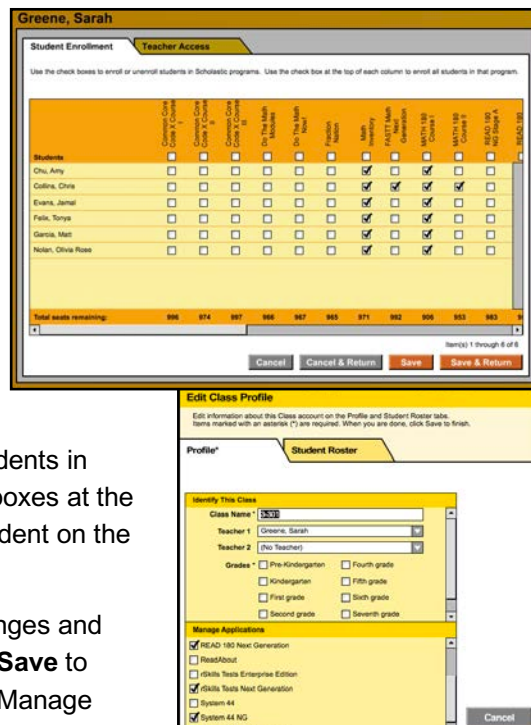

For more information on using SAM Central with *Math Inventory*, see [Using SAM Central With Math Inventory](http://Using SAM Central With Math Inventory) at the Education Product Support website: [hnhco.com/mi/productsupport](http://hnhco.com/mi/productsupport).

### Enrolling Students in *Math Inventory* and Associating Classes

To use SAM Central, teachers need to enroll students and associate their classes with *Math Inventory* through SAM.

To enroll students:

1. Click the Roster tab in SAM.
2. Click the **Manage Student Enrollment** link under Manage Roster on the class's Profile screen.
3. Use the check boxes to enroll students in *Math Inventory*, or use the checkboxes at the top of the chart to enroll every student on the list at the same time.
4. Click **Save & Return** to save changes and return to the Profile screen. Click **Save** to save changes and remain on the Manage Enrollment screen.

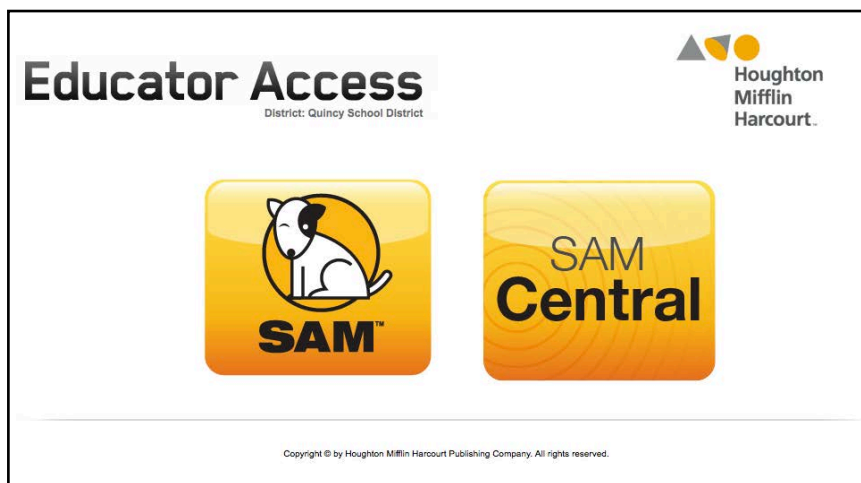

The **Manage Student Enrollment** link lists all licensed programs on the SAM Server. Check the Total Seats Remaining line to see how many licenses are available. Contact the district or school administrator for additional licenses. To associate a class with a program:

1. Click **Edit Class Profile** from the Manage Roster menu on the Roster tab.
2. From the Profile tab, click the *Math Inventory* checkbox under Manage Applications to select which programs are used in the class.

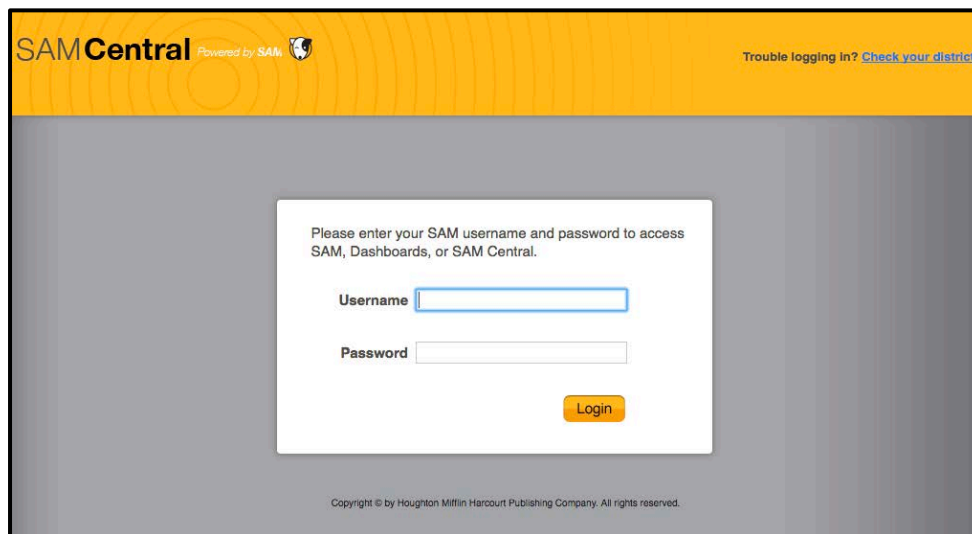

## Logging In to SAM Central

To access SAM Central, teachers need to log in to their Educator Access screen (see your district or school SAM administrator for help or more information).

### Teachers in Districts With Locally Installed SAM Servers

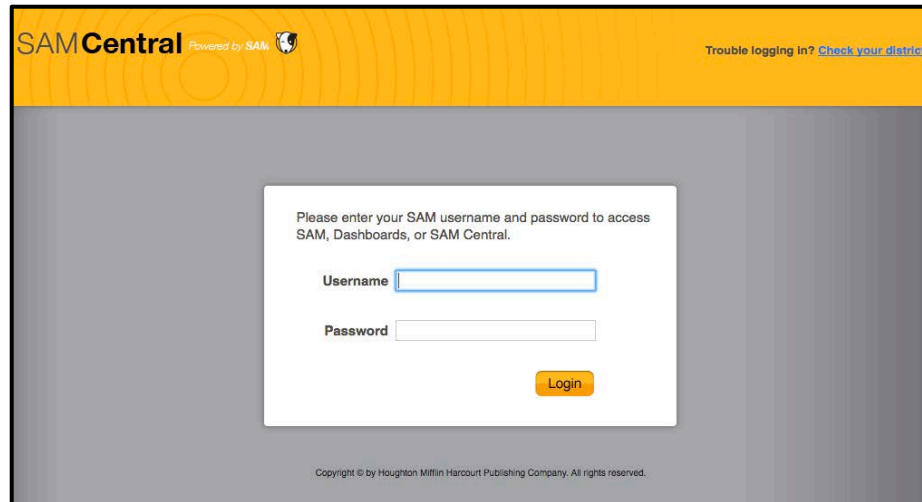

Teachers in districts that use locally installed SAM Servers with *Math Inventory* installed see a SAM icon and a SAM Central icon on the Educator Access screen. Click the SAM Central icon to log in to SAM Central.

Log in with a SAM username and password to go directly to the SAM Central Home screen.

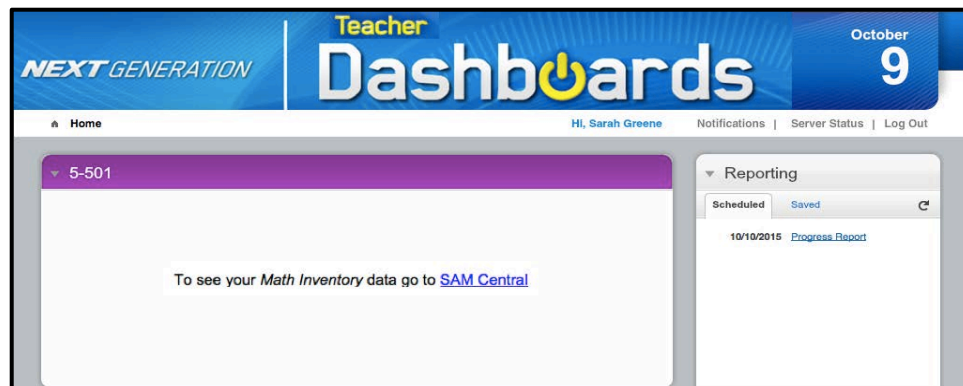

## SAM Servers That Are Hosted by Houghton Mifflin Harcourt

Teachers in districts that have Houghton Mifflin Harcourt host their SAM Servers go directly to the SAM Central login screen when they access their Educator Access screen.

Log in with a SAM username and password to go directly to the SAM Central Home screen.

## Accessing SAM Central From the Teacher Dashboard

When students are enrolled and *Math Inventory* is allocated to the class (regardless of whether the SAM Server is locally installed or hosted in a data center), the program will display on the Teacher Dashboard. Click the **SAM Central** link from the *Math Inventory* class widget to go to SAM Central.

## For More Information

For more information on using SAM Central with *Math Inventory*, see [Using SAM Central With Math Inventory](#) at the Education Product Support website: [hmhco.com/mi/productsupport](http://hmhco.com/mi/productsupport).
