#### Taking a Quiz

#### Selecting a Quiz

Selecting a quiz from the Find a Quiz Screen (page 8) opens the quiz on the iPad.

To answer the question, tap the answer to highlight it. When sure of the answer, tap **Go**.

#### **Teacher Tip**

You can change the number of questions in each quiz in the *SRC!* Program Settings. The default is set to ten questions. For more information on changing the number of questions in each quiz, see *SAM Settings and Reports for Scholastic Reading Counts!* 

#### **Finishing a Quiz**

When students complete a quiz, the program lets them know whether they have passed. The default passing score is 70%, but it may be adjusted in the SAM Program Settings for Scholastic Reading Counts! (see SAM Settings and Reports for Scholastic Reading Counts!).

When students pass a quiz, they can rate the book they just read. To rate a book, tap the number of stars or pinch and zoom the star to give the book a rating. The star logo on the lower screen changes with the star rating. When finished, tap **Save Rating**.

### 

Teachers may see students' book ratings by running the *Scholastic Reading Counts!* Book Frequency and Rating Report in SAM.

After rating the book, students have the option to review wrong answers if Wrong Answer Review has been selected for the student in SAM Program Settings for *Scholastic Reading Counts!* Tap **Yes** or **No** to choose to review answers.

If the student did not pass the quiz, a screen appears showing the number of questions answered correctly. If Wrong Answer Review has been selected for the student in SAM Program Settings for Scholastic Reading Counts!, the student may choose to review incorrect answers by tapping **Yes** or **No**.

If students choose to review their incorrect answers, they see the question with their answer highlighted. Students may review their book to find the correct answer.

Tap **Next** to go on with the review, or tap **End Review** to return to the Dashboard.
