

System 44 Next Generation Release Notes

Introduction

This document outlines the changes in the *System 44* Next Generation 2020-2021 releases. For the latest information about product updates, tips, and techniques, visit the HMH Product Support website at hmhco.com/system44ng/productsupport.

January 8, 2021

Updates

- Removed *System 44* Next Generation Simulator due to Flash dependency. Added a description of the student software and additional information and videos until the updated Student Software Simulator is available.

December 18, 2020

Interactive Teaching System 1.0.0-14

Updates

- Removed Word Building Kit from Interactive Teaching System due to Flash dependence, which will no longer be supported after December 2020.

December 4, 2020

Version 3.1.0-40

Updates

- Resolved an issue that caused students to get stuck in *System 44* Next Generation series 3.1 Spelling Zone activity.

October 31, 2020

iPad App Version 1.1.22

Updates

- Resolved an issue that caused an incorrect error message when a student whose *Phonics Inventory* score placed them in *READ 180* Universal attempted to log in to *System 44* Next Generation using the iPad app.
- Resolved an issue that caused the username and passwords to display with blue

backgrounds, making them difficult to see.

- Resolved an issue that kept students from completing work in the Spelling Zone when working on the iPad app.

October 16, 2020

Version 3.1.0-22

Updates

- Safari version 14 no longer requires Flash during the mic check at the start of the program.
